Signature of students is been taken on the evaluation sheets to note their acceptance of marks without ant grievance.

The result is been displayed on notice board after the evaluation of the answer sheets winthin a week. This helps students to analyse their performance in internal examinations and also help them to boost their efforts for university examination.

Continuous internal assessment system:

Institute has a well-established and efficient continuous evaluation system with different types of assessment given in the academic calendar. Various reforms have been undertaken periodically that have made a positive impact on examination management. In case a student is absent for the internal assessment examination, additional internal assessment examination is conducted. Institute follows term and prefinal examination and the performance of a student in each exam is evaluated subject wise with eligibility marking system. A candidate should secure minimum academic requirement in a subject to be eligible to appear for the final examination. All the departments strictly adhere to the institutional academic calendar and timely announcement of the results.
