This training is taken in Johnson and Johnson Van. The student capacity of van was 22students, so we made 5 groups of BSc I &II semester and sent them for training. 1Hr was given for each group. During this session one video of donning and doffing was shown to students and after that demonstrated them various surgical suturing techniques. Students also got opportunity to practice suturing technique and trainer observed the students and corrected them. This was very new and amazing experience for students. In this way training is taken for all groups and students enjoyed the session and also learned more.

**Students of Samarth Nursing College celebrated their birthday in a unique way**  
**“Eco-friendly initiative for student birthday: Pledge to make the campus green”**

In the backdrop of today's growing environmental problems, it has become very important for educational institutions to voluntarily accept the responsibility of sustainable development. In line with this, the concept of 'Green Campus' has emerged. Adopting the goal of creating a clean, green and eco-friendly environment, the main objectives of Green Campus are energy saving, water conservation, waste management, conservation of biodiversity and creation of a pollution-free environment. It is the need of the hour to create awareness of environmentalism among students, as well as to provide a safe and healthy environment for the next generation by adopting green methods. Therefore, the Green Campus initiative is not just an effort to enhance beauty but an important step towards a sustainable future and in line with this initiative, the nursing students took a pledge to plant a tree on their birthday.

This initiative started from August itself and under this, all the students of ANM, GNM, BSC (N), PBBSC (N), MSC (N) courses in the nursing college whose birthday falls in every month plant a tree on the last day of the month. And the students take the responsibility of taking care of that tree. Thus far, Sonchafa, Mahogany, Jasvand etc. trees have been planted. To start this initiative,

Surve and Vice Principal Prof. Jesse Jacob and maintained the continuity. After the tree plantation, all the teachers wished the students who had birthdays on their birthdays and this initiative is celebrated every month. Due to this, the students have a significant role in protecting the environment.

## SEMINAR ON INNOVATIONS IN NURSING EDUCATION- TECHNOLOGY AND SIMULATION

**Date:** 12/11/2024

**Venue:** Class Room No.-1

**Name of programe:** Seminar on Innovations in Nursing Education-Technology and simulation

### AIM:

Provide a safe, realistic environment for students to develop hands-on skills, practice clinical decision-making, and improve patient outcomes by bridging the gap between theory and practice.

### OBJECTIVE:

1. Provide a safe space to practice and master fundamental nursing skills and complex procedures without risk to patients.
2. Allow students to apply theoretical knowledge to complex, realistic scenarios, improving their ability to make sound decisions.
3. Facilitate practice in communicating with patients and families, particularly in sensitive situations like end-of-life care or mental health crises.
4. Create repeatable, engaging experiences that build student confidence and prepare them for challenging real-world situations.

In light of this, SVJCT's Samarth Nursing College organized a training session focused on effective English communication for BSc and PBBSc Nursing students and faculty on March 3<sup>rd</sup>, 2025, at 11.00am.

The session commenced with an introduction of the guest speaker, Mrs. Sneha Ingale, who serves as the technical communication Lead at an IT company in Pune. She holds both undergraduate and postgraduate degrees in English. The session proved to be highly interactive, engaging the students effectively.

Mrs. Ingale began by inquiring about the challenges students encounter when communicating with clients, educators, and other health care team members. She outlined objectives and key points of her presentation before delving into the main content of the session.

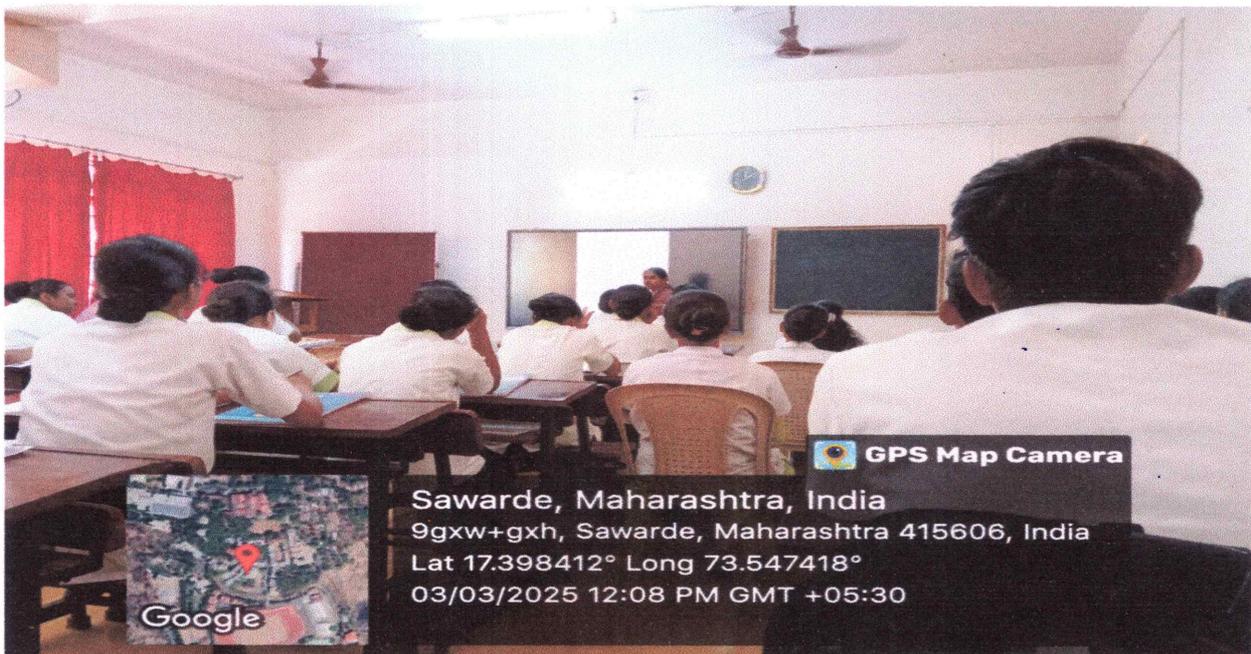

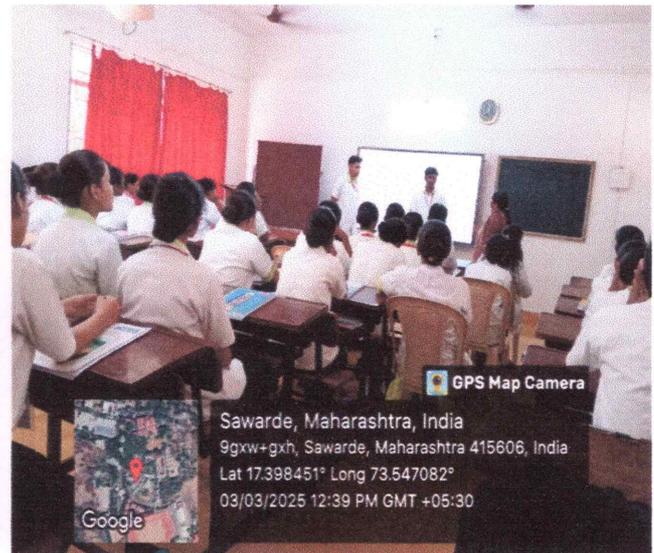

She discussed various techniques and essential elements of effective communication. Subsequently, she explained several principles of effective communication, including practice, attentiveness and concentration. Following this, she engaged students in practicing the pronunciation of vowels and consonants. An engaging aspects of the session involved students demonstrating scenarios such as interactions between a patient and a nurse, or doctor and a nurse. She assessed their communication skill, offered various suggestions for improvement, and provided encouragement through praise. Additionally, she invited feedback for future sessions.

## REPORT ON “AAHAR KRANTI-VIRUDDHA AAHAR”

Organized by: SVJCT's Samarth Nursing College, Kasarwadi

Venue: Classroom no-6

Time: 11 am

Speaker: Dr Suvarna Patil, (MD, BKLW Hospital, Dervan)

Participants: Nursing students, faculty, and staff of community and nutrition department

### Objectives of the Session:

1. To create awareness about the importance of balanced and scientific food habits.
2. To educate participants about the concept of *Viruddha Ahar* (incompatible food combinations) as per Ayurveda.
3. To understand the risk factors and health impacts associated with wrong dietary habits.
4. To promote dietary modifications for a healthy lifestyle based on traditional knowledge and modern science.
5. To support the nationwide campaign “Ahar Kranti” aimed at improving nutrition and public health.

SVJCT's Samarth Nursing College, Kasarwadi organized an insightful session under the *Ahar Kranti* initiative, focusing on the theme of **Viruddha Ahar**. The session was conducted by **Dr. Suvarna Patil**, Medical Director, B.K.L. Walawalkar Hospital, Kasarwadi. She delivered an in-depth lecture on the principles of healthy eating according to Ayurveda.

Dr. Suvarna Patil explained that **Viruddha Ahar** refers to the combination of foods that are incompatible in nature, taste, energy, or post-digestive effect and, when consumed together, can disturb digestion and metabolism.

### Definition:

**Viruddha Ahar** means *incompatible food combinations* that are harmful when taken together. These combinations can lead to toxins (ama) formation and various health issues.

  
Principal  
Samarth Nursing College  
Kasarwadi, Sawarde,  
Tal. Chiplun, Dist. Ratnagiri 415606

### **Risk Factors of Viruddha Ahar:**

- Poor knowledge about healthy food combinations
- Modern fast food culture
- Irregular eating habits
- Lack of awareness of traditional dietary principles

### **Effects of Viruddha Ahar:**

- Digestive disorders like acidity, bloating, constipation
- Skin diseases like acne and eczema
- Allergies and autoimmune conditions
- Long-term effects like arthritis, diabetes, and even cancer

### **Examples of Viruddha Ahar:**

- Milk with fruits (especially citrus or banana)
- Curd with fish or meat
- Honey heated or mixed with hot liquids
- Cold drinks or ice cream after a hot meal
- Ghee and honey in equal quantity

### **Suggested Modifications:**

- Follow seasonal and regional diet
- Avoid incompatible combinations
- Eat freshly prepared meals
- Use natural herbs and spices for better digestion
- Include mindfulness and timing in meals

The session was highly interactive, and students actively participated in the discussion. Dr. Suvarna Patil also provided a diet chart and lifestyle tips based on Ayurvedic principles suitable for nursing students.

### **Conclusion:**

The Ahar Kranti session proved to be highly informative and enlightening. Students gained valuable knowledge about the traditional dietary system and how improper food combinations can silently harm health. The event successfully emphasized the importance of nutritional awareness and preventive health through balanced eating habits.

## Report on career opportunities for nurses

In one's life, a career holds significant importance. Regardless of the path an individual chooses, it will invariably influence their life. A person's career often determines their societal status and shapes their social interactions and relationships. Similar to other professions, nursing offers numerous opportunities within the field. The demand extends beyond India, reaching international markets as well.

In light of this, SVJCT'S Samarth Nursing College organized a session on career opportunities for nurses abroad on December 30, 2024, in the multipurpose hall between 11:00 AM to 1:00 PM.

## REPORT OF FACULTY DEVELOPMENT PROGRAM ON STRESS MANAGEMENT AT WORK PLACE

SVJCT's Samarth Nursing College organized a Faculty Development Program on Stress management at the workplace on 30 July 2025. The event featured esteemed speakers Ms. Rupali Chavan and Ms. Swati Sonawane. The program commenced with a symbolic lamp lighting ceremony. Prof. Tejal Surve Principal of SVJCT's Samarth Nursing College felicitated the speakers.

Effective workplace stress management involves both individual strategies and organizational support. Faculty can benefit from time management techniques, relaxation exercises, and prioritizing self-care. Faculty can foster a supportive environment by promoting work-life balance, providing employee assistance programs, and addressing workplace stressors like workload and communication issues.

Jyoti Dhagale skilfully anchored the event, ensuring a smooth flow of proceedings. Ms. Rupali Chavan and Ms. Swati Sonawane delivered insightful sessions on stress management strategies and techniques. Dipali Chavan expressed gratitude to the speakers, organizers and participants.

At the end of program the feedback was collected from the participants. This Faculty Development program provided a valuable platform for knowledge sharing and skill development, equipping participants with effective stress management techniques.

### 5.1.2: Analytical Skill Development including Information Technology for skill based learning.

Samarth Nursing College regularly upgrades its Information Technology (IT) facilities to ensure effective teaching-learning and smooth academic functioning. The institution provides campus-wide Wi-Fi connectivity with an annual internet package that supports high-speed browsing, e-learning platforms, online examinations, and digital library access for students and faculty. A total of **28 computers** are available in the college for routine academic use, practical sessions, and skill-based learning. Additionally, **10 computers have been provided by Vatsyalya Trust**, the course deals with **2 classes** includes **Basic Computer** and **Advanced Spreadsheet** exclusively used for conducting computer-based courses and digital literacy programmes. All systems are maintained with updated software, antivirus protection, and necessary educational applications. The IT infrastructure is continuously monitored, and periodic servicing ensures minimal downtime. These facilities collectively enhance digital competency, support ICT-enabled teaching, and provide students with reliable access to online learning resources.
